

May 2022

Oreland Swim Club has been an important part of the Oreland community since 1957. For 65 years, OSC has been a place for families and friends to enjoy time together in the summer. Many of you are aware we just completed several improvements on the main building and sheds, replacing the diving board and of course, the major renovation, resurfacing of the entire pool.

As you can imagine, resurfacing a 65-year-old pool did not happen without complications. The process and standards have changed significantly as far as resurfacing is concerned. Once the contractors got to work, it was not just a simple resurfacing. They had to remove two layers of previously poured plaster, rebuild part of the pool wall, and replace tiles both on the side and bottom. Needless to say, the cost of the pool renovation was much higher than expected.

Fortunately, we have had unbelievable support from our members of the last few years. Without this stewardship, these renovations could not have been completed. We are asking for your continued help to assure OSC can continue to operate as usual and be prepared for the usual maintenance and repairs, as well as any unexpected costs that may come our way.

As this is our 65<sup>th</sup> Anniversary, we are launching our **65 for 65** Campaign. Our goal is for every member to donate \$65 in honor of the 65<sup>th</sup> anniversary. In addition to the 65 for 65 drive, we have many other levels of support for our capital campaign, and we hope you consider contributing.
